

24274

Hydroid, Inc.
81 Technology Park Drive
East Falmouth, MA 02536
(508) 457-9191

Mission 1

Because of the time required to fully charge the vehicle's batteries (Lithium Ion batteries must be discharged to a level of 20% capacity for shipping purposes) the first day's mission area was kept relatively small, see Figure 1A.
